Facial Cosmetic Surgery
Reconstructive Orbital, Lacrimal and Eyelid Surgery

- What sets your practice apart from others in the market?

I originally trained in Ophthalmic surgery (surgery of the eyes). This delicate microscopic surgery led me to apply this precision to facial cosmetic surgery, giving me an edge over most cosmetic surgeons who originally trained in either general or ear, nose and throat surgery.

- What are some health/beauty words of wisdom?

Fitness & nutrition are the fountain of youth. I believe cosmetic procedures should result in a natural look. True beauty means looking healthy, rested and vital.

PROFESSIONAL EXAMINATION

Recapture the Radiance of Youth

Dr. Murphy is a multiple-board certified surgeon and one of the only 400 worldwide certified by the American Society of Ophthalmic Plastic and Reconstructive Surgery. With over 15 years of experience, Dr. Murphy provides full facial cosmetic and reconstructive procedures for the eyes and the face. Patients receive treatments for puffy eyelids, drooping eyebrows and eyelids, facial wrinkles, neck/jaw line contouring, lip lines, crow's feet and sun-damaged skin, as well as facial trauma and diseases.
